A new way to build lifetime value
with your customers

A man with glasses and a blue shirt is smiling while looking at a smartphone. The image is used as a background for the left side of the page.

Help your customers
with their financial
well-being, and
build stronger brand
alliance.

Aryza Engage – a simple user interface, completed by the consumer, to gain a clear understanding of their income, outgoings and credit commitments, along with ongoing affordability and vulnerability.

With access to a tailored dashboard, your customers can view a unique summary of the products they have with you, along with the balance and payment requirements.

They can also see a summary of broader detail on their financial position. With information ranging from credit scores, financial health indicators, benefit checkers and an interface to switch household bill providers to save money, Aryza Engage gives your customers a reason to stay on your website, and builds stronger consumer relationships.

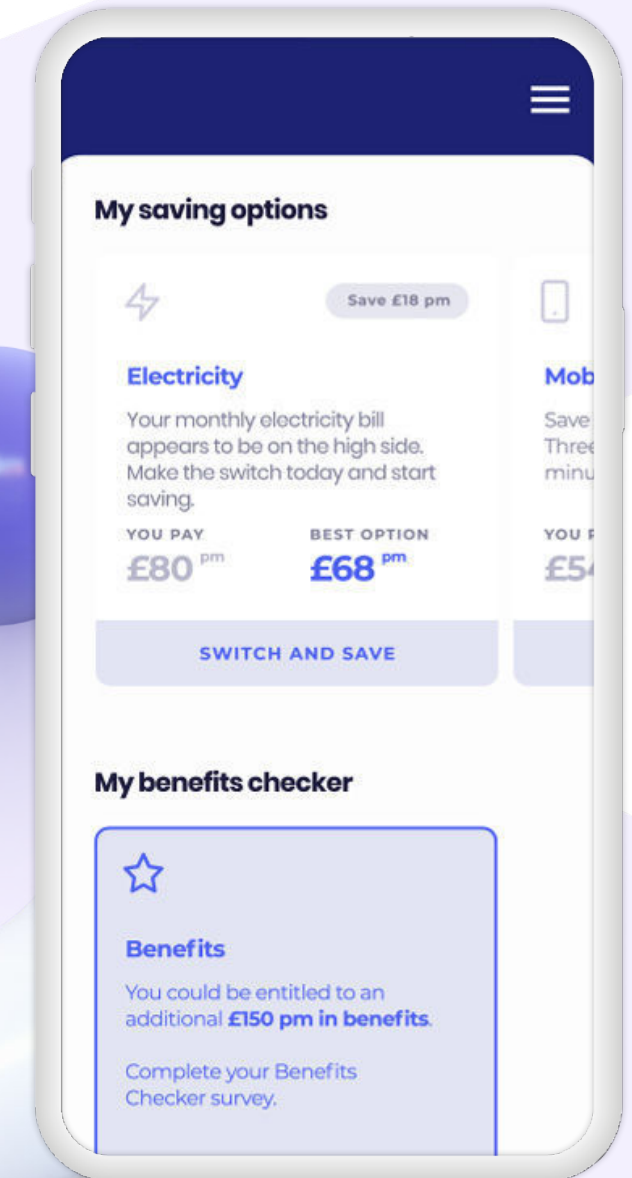

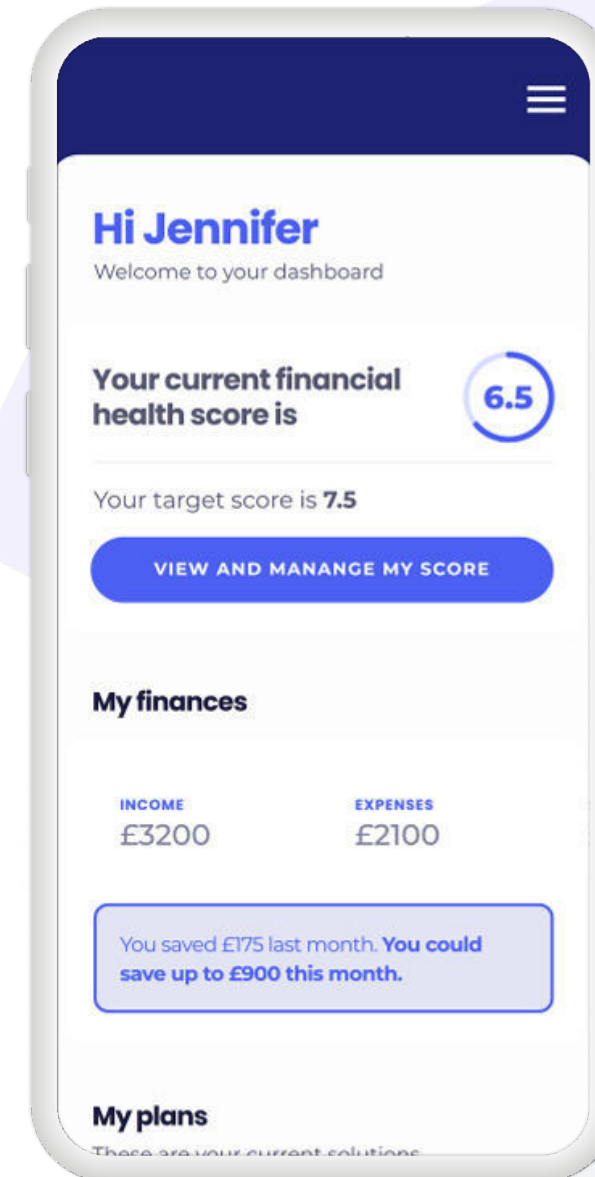

If you would like a demo of the software, get in touch and we will arrange this for you.

A more rewarding customer experience

With access to a tailored dashboard, your customers can view a unique summary of the products they have with you, along with the balance and payment requirements. They can also see a summary of broader detail on their financial position.

- Engagement tool / customer portal with access to a financial wellness dashboard
- Adaptable dashboard based on consumer insights
- Utility switching
- Benefit checker
- Annual assessments required in certain debt solutions
- Consumer can digitally complete assessment
- Previous budget available to help consumers understand areas they may be overspending
- Standard financial statement guidelines
- Guides the customer on the likely result of the assessment on their debt solution

The benefits of using Aryza Engage include:

Financial management tools

Help your customers to save money on bills, and check for any extra benefits they are entitled to.

Fully customisable software

Aryza Engage can be configured to your business needs, rules and branding, making it a bespoke solution for you.

Automated decisioning

The software enables rules-based automated decisioning to ensure your customers are presented with the most appropriate solution for their individual needs.

Build lifetime value

Develop a positive impression of your brand, even with consumers that you are unable to lend to.

Minimal integration

You won't need heavy IT resources to implement the software, and as speed-to-market is a priority, you can expect to be up and running within 5-6 weeks.

Assisted journeys

Agents can interact remotely within the same interface as the consumer to edit plans, update details and more, making customer support easier and more effective.

Campaign & workflow management

Easily automate ongoing communication with your customer throughout their journey, and design automated operational flows to streamline communication.

Reliable data

Open Banking integration means that assessing options and affordability is easy, instant and accurate.

About Aryza

We are a pioneering technology company with big ambitions and a proven track record in providing solutions for the management of debt.

Aryza is a trusted partner to a diverse range of customers across the entire debt cycle. We provide holistic, intelligent and dynamic solutions that help manage debt, insolvency and loans.

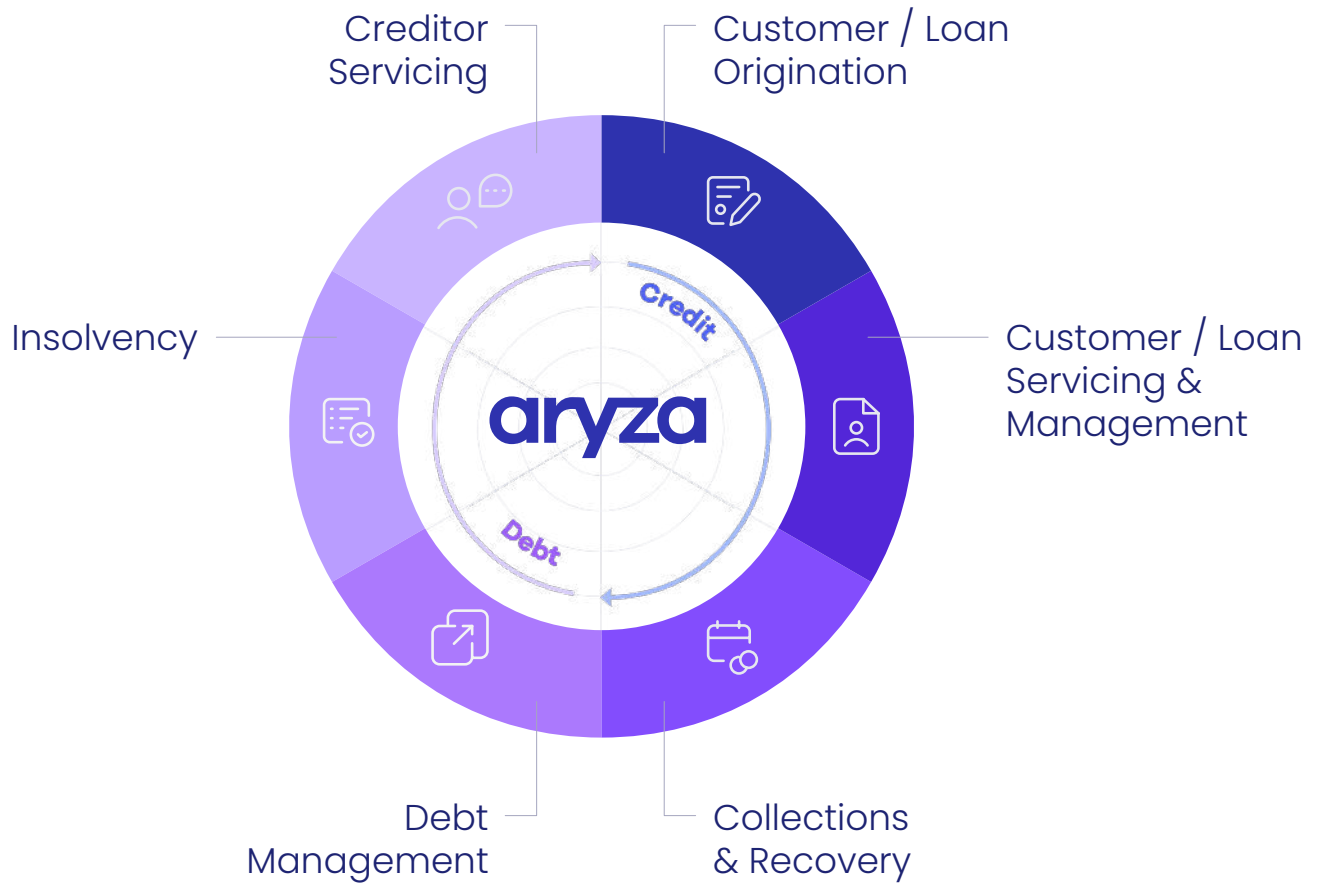

Each unique product within our ecosystem has been built on a foundation of rich customer data, 18 years accumulated industry insight and genuine empathy for the difficult financial situations people often find themselves in.

We have a clearly defined vision, a distinct competitive advantage and a meaningful role to play in the world.

By leveraging our accumulated knowledge, customer insight and holistic and empathetic approach, we believe we can create an exciting future.

We, with our customers and partners, strive to change the debt industry for the better. With our unwavering dedication to our vision, we will improve the financial health and the lives of the millions of people that engage with our products everyday.
